Dealer Comments
This used 2022 Ram ProMaster Cargo Van makes the workday quieter and more straightforward. The tall cargo area swallows gear without fuss and the van steers predictably when you are loaded down. Power mirrors and steering wheel controls make backing and city driving less of a chore, while tinted windows add privacy for what you haul. A tire pressure monitor and multiple airbags are there to protect the load and the people. See it on the lot and take a look around.
