Dealer Comments
This used 2023 Ram 1500 feels like the practical truck you want for everyday life. With only 30656 miles it has low mileage for its age and still drives tight and composed. The cabin keeps things comfortable and clean thanks to cabin air filtration, and easy steering wheel controls make city driving less fussy. Backing up is simple with the rear camera, power mirrors help you set it up fast, and cruise control steadies the highway miles. Take it for a test drive and see.
