Dealer Comments
This used 2023 Chevrolet Silverado 1500 is the truck that makes honest work feel a little easier. You notice the confidence the first time you back into a tight spot and the mirrors do the job for you, and on cold mornings the seat heaters you imagine would be welcome are part of the thinking behind trucks like this. Tinted windows give a bit of privacy and style, while airbags are there where they should be. Take it for a drive and see how the Silverado 1500 fits into your day.
